named one of the 100 best nonfiction books by the modern library and the guardian with surgical precision janet malcolm dissects the famous case of journalist joe mcginniss and murderer jeffrey macdonald a riveting exploration of the uneasy dynamic between writers and their subjects and a must read for anyone intrigued by journalism the complexities of human nature and true crime malcolm deftly analyzes the real life lawsuit of jeffrey macdonald a convicted murderer against joe mcginniss the author of fatal vision at the heart of this masterfully crafted narrative is mcginniss s controversial portrayal of macdonald a former green beret convicted of murdering his pregnant wife and two young daughters while writing the true crime book fatal vision mcginniss ingratiated himself with

macdonald under the guise of supporting his innocence only to portray him as guilty in the final publication the resulting libel case put mcginniss's methods on trial sparking a gripping examination of the ethics governing the writer subject covenant through probing interviews with the key players the principals their lawyers members of the jury and expert witnesses malcolm provides an atmospheric retelling of the sensational trial but her true subject is the treacherous territory writers must navigate when trying to objectively chronicle the lives of others with piercing self awareness malcolm examines her own role and motivations laying bare the inherent conflicts and power dynamics that arise when a journalist pursues a story her candid rueful reflections transform a seemingly straightforward work of reportage into a profound exploration of journalistic ethics and the limits of factual truth

this book bridges a gap between discussions about truth human understanding and epistemology in philosophical circles and debates about objectivity bias and truth in journalism it examines four major philosophical theories in easy to understand terms while maintaining a critical insight which is fundamental to the contemporary study of journalism the book aims to move forward the discussion of truth in the news media by dissecting commonly used concepts such as bias objectivity balance fairness in a philosophically grounded way drawing on in depth interviews with journalists to explore how journalists talk about truth

the american revolution an event that gave america its first real story as an independent nation distinct from native and colonial origins continues to live on in the public's memory celebrated each year on july 4 with fireworks and other patriotic displays but to identify as an american is to connect to a larger national narrative one that begins in revolution in popular media and the american revolution journalism historian janice hume examines the ways that generations of americans have remembered and embraced the revolution through magazines newspapers and digital media overall popular media and the american revolution demonstrates how the story and characters of the revolution have been adjusted adapted and co-opted by popular media over the years fostering a cultural identity whose founding narrative was sculpted ultimately in revolution examining press and popular media coverage of the war wartime anniversaries and the founding fathers particularly uber american hero george washington hume provides insights into the way that journalism can and has shaped a culture's evolving collective memory of its past dr janice hume is a professor and head of the department of journalism in the grady college of journalism and mass communication at the university of georgia she is author of *Obituaries in American Culture* university press of mississippi 2000 and co author of *Journalism in a Culture of Grief* routledge 2008

throughout the 1990s humanitarian interventionism sat at a crossroads where ideas about rights and duties within and beyond borders collided with an international reality of civil conflict where the most basic human rights were violated in the most brutal manner this growing awareness of humanitarian crises has been enabled by a more globalized media

which increasingly shapes public perceptions of distant crises public opinion and political decision making clarke examines the extent to which the public discourse and particular concepts including those of an ethical and legal nature influenced british newspaper coverage of the 1994 crisis in rwanda and in turn the extent to which that coverage influenced the british parliament's response to the crisis through his development and application of a broader methodological approach that combines both quantitative and qualitative analyses the book offers a fuller understanding of the relationship between media coverage parliamentary debate and policy formulation and the central role that the globalized media plays in this process integrating ethics law and empirical analysis of the media to obtain a more cohesive understanding of the chemistry of the media public policy nexus this work will be of interest to graduates and scholars in a range of areas including genocide studies the responsibility to protect the media politics and international relations

the availability of various technological platforms enables individuals to feel a deeper sense of connectivity and contribution to their social circles and the world around them this growing dependence on social networking platforms has altered the ways in which society functions and communicates social media and the transformation of interaction in society is a definitive reference source for timely scholarly research evaluating the impact of social networking platforms on a variety of relationships including those between individuals governments citizens businesses and consumers featuring expansive coverage on a range of topics relating to social media applications and uses across industries this publication is a critical reference source for professionals educators students and academicians seeking current research on the role and impact of new media on modern society this publication features authoritative research based chapters across a range of relevant topics including but not limited to computer mediated communication nonprofit projects disaster response management education cyberbullying microblogging digital paranoia user interaction augmentation and viral messaging

media and the american child summarizes the research on all forms of media on children looking at how much time they spend with media everyday television programming and its impact on children how advertising has changed to appeal directly to children and the effects on children and the consumer behavior of parents the relationship between media use and scholastic achievement the influence of violence in media on anti social behavior and the role of media in influencing attitudes on body image sex and work roles fashion lifestyle the average american child aged 2-17 watches 25 hours of tv per week plays 1 hr per day of video or computer games and spends an additional 36 min per day on the internet 19 of children watch more than 35 hrs per week of tv this in the face of research that shows tv watching beyond 10 hours per week decreases scholastic performance in 1991 george comstock published television and the american child which immediately became the standard reference for the research community of the effects of television on children since then interest in the topic has mushroomed as the availability and access of media to children has become more widespread and occurs earlier in their lifetimes no

longer restricted to television media impacts children through the internet computer and video games as well as television and the movies there are videos designed for infants claiming to improve cognitive development television programs aimed for younger and younger children even pre literates computer programs aimed for toddlers and increasingly graphic interactive violent computer games presents the most recent research on the media use of young people investigates the content of children s media and addresses areas of great concern including violence sexual behavior and commercialization discusses policy making in the area of children and the media focuses on experiences unique to children and adolescents
